TOURNIQUET - QUICK RELEASE CLIP ROYAL BLUE

Tourniquet - Quick Release clip Royal Blue

The tourniquet allows for pressure to be applied to the arm so that venous blood returning to the heart can be slowed down. As a result, the blood vessel walls become temporarily occluded and the veins distend due to the pooling of blood. This allows veins to become more visible and easier to palpate.

How to use:

1.Quick release...

TOURNIQUET - LATEX RUBBER WITH ANCHOR HOOK

Tourniquet - Latex rubber with anchor hook.

This Rubber Tourniquet is a high quality and budget friendly tourniquet option. It is made from hard wearing latex tubing 8 mm diameter and 1m long. It can be secured either by tying into a knot, or by using the attached plastic hook.

Used and applied correctly the Rubber Tourniquet can staunch bleeding quickly.
